Space Man - Sam Ryder

If I was an astronaut, I'd be floating in midair
And a broken heart would just belong to someone else down there
I would be the centre of my lonely universe
But I'm only human and I'm crashing down to earth

If I was an astronaut, I'd have a bird's eye view
I'd circle 'round the world and keep on coming back to you
In my floating castle, I'd rub shoulders with the stars
But I'm only human, and I'm drifting in the dark

I'm up in space, man
Up in space, man
I've searched around the universe
Been down some black holes
There's nothing but space, man
And I wanna go home

If I was an astronaut, I'd speak to satellites
My navigation systems would search for other life
But I'd be up here thinking 'bout what I'd left behind
'Cause I'm only human with the real world on my mind

I'm up in space, man
Up in space, man
I've searched around the universe
Been down some black holes
There's nothing but space, man
And I wanna go home

Gravity keeps pulling me down
As long as you're on the ground, I'll stick around
Stick around
I'll stick around

I'm up in space, man
Up in space, man
I've searched around the universe
Been down some black holes
There's nothing but space, man, no
Oh, I'm in the wrong place, man
Nothing but, nothing but, nothing but space, man
Nothing but, nothing but, nothing but space, man

I've searched around the universe
Been down some black holes

Nothing but space, man
And I wanna go home
